Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

Claims 1-4,6-10,12-16,18-22,24-28,30-34,36 -54 and 99-100 are allowed.

Art Unit: 2814

The applied prior art of record taken either singularly or in combination fails to anticipate or fairly suggest the limitation of the dependent claims, in such manner that a rejection under 35 U.S.C. 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in independent claim/s (1,7,13,19, 25 and 31)including the steps of, "forming a semiconductor film over an insulating surface., forming an oxide film on the semiconductor film., radiating the semiconductor film with a first laser beam using a lens., radiating the semiconductor film with a second laser beam after radiating with the first laser beam., radiating the semiconductor film with a third laser beam after radiating with the second laser beam., wherein a wavelength of the second laser beam and a wavelength of the third laser beam are different from a wavelength of the first laser beam". (as stated in Applicants' remarks [amdt.6/28/2007] pages 1, 17-18 and page 15). See also Terminal Disclaimer over 6,706,568.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to STEVEN H. RAO whose telephone number is (571)272-1718. The examiner can normally be reached on 8.30-5.30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Wael Fahmy can be reached on 571-272-1714. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Art Unit: 2814
